Subject Index

A
academic-based transdisciplinary collaboration, S204
alliances, inter-organizational, S99
analytic scope, transdisciplinary collaboration, S99

B
brokers, types of, Figure, S129

C
cancer, social determinants of, S141
Centers for Population Health and Health Disparities (CPHHD), S182
  logic model, Figure, S185
  ranked by prevalence, Figure, S184
  Table, S185
coalitions
  community, team effectiveness, S103
  community-based, S96
collaboration
  and creativity, S243
  and transdisciplinary integration, S151
  cross-disciplinary, S161
  dimensions of, Figure, S241
  effectiveness, Table, S107
  readiness, S105, S161, S193
  remote, S102
    cyber-infrastructure for, Table, S107
    environmental factors, S102
    socio-cognitive factors, S103
    technologic factors, S102
  scales, factorial validity, S155
  transdisciplinary, S96
    analytic scope, S99
    geographic scope, S99
    organizational scope, S99
  types of, and leadership characteristics, Table, S128
collaborative leadership, S124
collaborative research, S77, S90, S94, S96, S116, S124, S133, S141, S151, S161, S173, S182, S193, S196, S204, S211, S225, S235, S240, S243
collaborative-readiness factors, S162
commentary, team science, S90, S94, S193, S235, S240
communication patterns, S101
community-based
  coalitions, S96
    team effectiveness, S103
  transdisciplinary collaboration, S204
    among scientists, Table, S107
computer-based infrastructure. See cyber-infrastructure.
contextual factors
  for readiness, S162
  influencing collaboration, Figure, S111
  key, for team effectiveness, Table, S109
cross-disciplinarity in networks, S174
cross-disciplinary research, S77, S90, S94, S96, S116, S124, S133, S141, S151, S161, S173, S182, S193, S196, S204, S211, S225, S235, S240, S243
cross-disciplinary/cross-disciplinarity, defined, S78, Table, S79
cross-sectoral team science, S240
cyber-infrastructure, S77, S96, S151, S196, S211, S225, S235, S243
  designed to support team science, S96, S235
  developing, S85, S235
  for remote collaboration, Table, S107
